**Von Edward Gibbon : Decline and Fall of the Roman Empire: The Modern Library Collection (Complete and Unabridged)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Decline and Fall of the Roman Empire: The Modern Library Collection (Complete and Unabridged):

KundenrezensionenHilfreichste Kundenrezensionen6 von 7 Kunden fanden die folgende Rezension hilfreich. Content 5 stars, edition 2 starsVon Fredrik BostrmThere are reviews by much more accomplished scholars than me, this is just a short note on this edition.For actual reading I'd recommend another edition, id just doesn't handle well, margins too small for a book this thick. Footnotes are end-of-chapter which I like less than bottom-of-page but preferences differ.If

on the other hand you just want a copy for reference, the price tag probably outweighs these inconveniences.9 von 11 Kunden fanden die folgende Rezension hilfreich. Opinion of a lay personVon Constant BookwormNot being a historian, I read this for fun. Gibbon seems to have been one of the great historians of all time. He read everything in his field and left nothing out. His English is a joy to read; I read some chapters twice just to savour the elegant prose. Gibbon's opinions and beliefs were very modern for his time, though some of his comments would not get past a PC-conscious editor these days. The book itself is a wrist-breaker. I intend to buy the unabridged version, but in several volumes.0 von 1 Kunden fanden die folgende Rezension hilfreich. Beautiful language and eye opening insightsVon Paddington BearThe language of this book is beautiful and reminds one of Jane Austin; a littany of real sentences. The foot notes are poorly formatted with typos in the kindle version. Humans were not nice back then.

KurzbeschreibungThis Modern Library eBook edition collects all three volumes of Edward Gibbons towering masterpiece of classical history The Decline and Fall of the Roman Empirecomplete and unabridged. Edward Gibbons magnum opus narrates the history of the Roman Empire from the second century A.D. to its collapse in the west in the fifth century and in the east in the fifteenth century. Alongside the magnificent narrative lies the authors wit and sweeping irony, exemplified by Gibbons famous definition of history as little more than the register of the crimes, follies and misfortunes of mankind. An epic chronicle of uncommon literary distinction, The Decline and Fall of the Roman Empire is widely considered the greatest work of history ever written. This unabridged eBook bundle of the celebrated text edited by Professor J. B. Bury, considered a classic since it first appeared in 1896, includes Gibbons own exhaustive notes, Burys original Introduction and index, as well as a modern appraisal of Gibbon in an Introduction from Pulitzer Prizewinning historian Daniel J. Boorstin.Pressestimmen[Gibbon] stood on the summit of the Renaissance achievement and looked back over the waste of history to ancient Rome, as from one mountain top to another.Christopher DawsonFrom the Trade Paperback edition.WerbetextAn abridged edition of Edward Gibbon's THE HISTORY OF THE DECLINE AND FALL OF THE ROMAN EMPIRE, which compresses thirteen turbulent centuries into a single epic narrative.
