Von Rajesh Lal, Lakshmi C Chava : Developing Web Widget with HTML, CSS, JSON and AJAX (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Developing Web Widget with HTML, CSS, JSON and AJAX (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Gute Inhalte in schlechter FormVon BeneIch war auf der Suche nach einem Buch zum Thema "Web Widgets" und dieses Buch ist das einzige das ich gefunden habe.Die Strken des Buches:- Ich hatte ber das ganze Buch das Gefhl, dass die Autoren wirkliche Experten auf diesem Gebiet sind- Die Inhalte gehen in die Tiefe- Es werden nicht nur technische Aspekte behandelt, so findet sich im Anhang: "Understanding Business Model of Web Widget"- Codebeispiele auf der dazugehrigen Webseite [...]Die Schwchen:- Das Buch wirkt unfertig und es scheint mir als ob kein einziges Mal Korrektur gelesen wurde. Ich hatte selten ein formell/sprachlich so schlechtes Buch in der Hand.Da fr mich die Inhalte

wesentlich wichtiger ist, kann ich die sprachlichen Schwächen verzeihen und gebe trotzdem 5 Sterne.

KurzbeschreibungProduct Description**THE HANDS-ON, TUTORIAL-BASED GUIDE TO BUILDING SECURE AND HIGH PERFORMANT WEB WIDGET** Get up to speed for developing web widget with design guidelines, standard practices, security measures and techniques for high performance. Developing Web Widget with HTML, CSS, JSON and Ajax is the first guide to creating web widgets, tiny web applications that can be embedded in a web page, blog or social profile. Inside, author of the bestselling book Creating Vista Gadget, Rajesh Lal provide readers with a methodology for building widget using standard web technologies like HTML, CSS, and JavaScript. Developing Web Widget starts with a step-by step tutorial starting from Hello World Widget to an advanced Web Widget which uniquely identifies the user based on the url and not only display user data but also update data. Reader will learn how to use techniques to ensure security and add high performance to the web widget. You will also learn how to create RSS based widgets using Ajax, Proxy Server and Google Ajax Feed API and Widgets based on Facebook APIs. The star Widget developed in the book is now a popular free service. About the AuthorRajesh Lal is an author, designer and developer with a decade of experience in desktop, web and mobile application development. He has authored two other books on Creating Vista Gadget and Smartphone Web development. He likes to take a pragmatic approach to solving problems and make extra effort to present technical details in easy to understand manner. Lakshmi Chava is a software engineer with eight years of experience in web design and development.**Kurzbeschreibung**Product Description**THE HANDS-ON, TUTORIAL-BASED GUIDE TO BUILDING SECURE AND HIGH PERFORMANT WEB WIDGET** Get up to speed for developing web widget with design guidelines, standard practices, security measures and techniques for high performance.
