Von Brett Hoover : Losing Your Religion, Finding Your Faith: Spirituality for Young Adults before purchasing it in order to gauge whether or not it would be worth my time, and all praised Losing Your Religion, Finding Your Faith: Spirituality for Young Adults:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Simple and To the PointVon Ron ClarkHoover's book is a good guide to any young adult graduating from high school and entering college or a vocation. He explains that many young adults do not lose their faith--they just find a new way to understand it. As they question their traditions, experiences, and religious convictions they see different aspects (probably because they are on their own).Hoover describes the spiritual journey as a "Road Trip". Many people commute to work. Commuters are only concerned with getting to their destination. They dread the trip, ignore the sights, and think only of the end. Hoover points out that many people live their spiritual lives as commuters on the way to heaven. "Road Trips" involve rest stops, visiting, sight seeing, discussions, laughter, and growth. This, according to Hoover, is what the spiritual journey should be. Our growth should be enjoyable and have an awareness of the journey to heaven. Throughout the book this metaphor encourages discipline, an appreciation for tradition and discussion, and a seeking for spiritual growth and formation.This book is a great book for any graduate.0 von 0 Kunden fanden die folgende Rezension hilfreich. Simple and To the PointVon Ron ClarkBrett Hoover does a good job writing to young adults. He engages the reader in a concern for spiritual growth. Young adults change, grow, or reevaluate their religious beliefs as they leave home and go into a vocation or college. Some believe that this is a lost faith when Hoover describes it as "a new way to understand their own faith." He explains the spiritual life as a journey or "road trip." Many people commute to their spiritual goal. They drive to their destination hating the ride, seeing the travel as work, and only thinking of getting to their destination. Hoover claims that sometimes we "commute" to heaven missing out on the joys of life.Brett Hoover indicates that spiritual growth is a road trip in which we stop, gaze, rest, talk, laugh, and enjoy the ride to our destination (heaven). He places tremendous importance upon learning from life, traditions, culture, and others in our spiritual growth. His book is an enjoyable book that would make a great gift for any high school or college graduate.

KurzbeschreibungA guide to helping Gen-Xers reconnect with spirituality and faith in their lives today. Describes the lifelong process of discovering both God and self and explains that for the typical young adult, loss of faith is a necessary part of maturing spirituality.KurzbeschreibungA guide to helping Gen-Xers reconnect with spirituality and faith in their lives today.
