Wnsche nicht erfllt, hat er besseres mit uns vor.

Kurzbeschreibung It is easy to know Gods love in the mind, but for many it is difficult to believe it in the heart. This book is for those who want to feel the real love of God but can't. The author identifies the fundamental issues that stop a person from receiving and experiencing the love of God in all its fullness. Having ministered for over a decade at a deep level in peoples lives, Ken shows how we can distort our image of Father God through our own false perceptions of Him. He passionately reaches out to those who have a broken father image and sets about to repair it. With a warm and conversational style the author powerfully demonstrates every individuals value to Father God and leaves the reader in no doubt just how loved and wanted we are.
