Spiritual Communication PerspectivesVon Stella Carrier"Matthew Tell Me About Heaven: A Firsthand Description of the Afterlife" by Suzanne Ward is a heartwarming book on a mother's spiritual connection with her late son. One must have an open mind to obtain "Matthew Tell Me About Heaven" due to the book being from the channeled genre. Information on earth communication, cultural resources, and the lifeprint review are among some of the multiple insights included in this book. There is also a discussion on how each soul experiences their version of heaven through the indirect influence of their personal beliefs.

KurzbeschreibungA comprehensive look at Heaven that will change your life. Through a series of heartwarming telepathic conversations between Matthew Ward (who died at age 17) and his mother, we learn about the astonishing activity and diversity of life in the realm we call Heaven. Matthew clears up common misconceptions about the world where he lives (he says its proper name is Nirvana) and explains why, in this unprecedented time in the history of Earth, it is essential that we know the truth of our beginnings and our relationship with all of creation. Without that truth, we cannot understand either the purpose of our lives or how to prepare confidently and joyously for what is to come. TOPICS: Heaven's Location and Purpose. Residents and Visitors. Reception of Souls. Reunions with Loved Ones. Relationships. Children. Animals. Angels and Spirit Guides. Near-Death Experiences. Suicides. Food. Travel. Employment and Recreation. Cultural Resources. Education. Music. Buildings. Etheric Bodies. Lifeprint . Emotions. Communication between Heaven and Earth. The Effects of Prayer."Matthew, Tell Me about Heaven not only helps us to understand the beauty of the other side, but to learn how to bring that beauty to our own world." -- Bobbie Sandoz, Hawaii, author of "Listening to Wild Dolphins""The dialog between Matthew and his mother is nothing less than an instruction manual that can rescue the human race -- just in time. It should be printed in every language, and read by -- or to -- everyone from the age of seven upwards. It is probably the most complete picture the world has ever had of the Universe we all came from -- and to which we will all return when our lives here have run their course." -- Michael Joseph, London, writer and editor.KurzbeschreibungA comprehensive look at Heaven that will change your life.
