KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. A 'must' for the sincere religious researcher.Von Ein KundeAs a result of over twenty years of close examination and the

causing of some hundred copies to be placed in the hands of colleagues, students and friends, it is my humble opinion that the Metaphysical Bible Dictionary is the best aid to the translation of physical metaphors into nonphysical precepts available to us today. Although the author, on a personal level, identifies with and uses as an instrument for publication a clearly defined religious system, the Metaphysical Bible Dictionary transcends the boundaries of any one religion. Through his unique and skillful authorship, Charles Fillmore has in this work accomplished the amazing dichotomy of being rudimentary and paramount, foundational yet, exalted in the totality of this presentation. The Bibles of the major religions of the world, - Buddhism, Christianity, Hinduism, Judaism, Islamism and others merge on the pages of this book. Its offering is generous to the novice and the professional; to clergy and to laymen. The full light of Truth is available only to the one who constantly directs all the forces of his being in perfect harmony with the trend of his highest aspirations.

KurzbeschreibungThe texts of the major religions of the world merge on the pages of this superb reference book, inviting a stepping stone to a higher realm of spiritual consciousness, toward attainment of the mind "which was also in Christ Jesus" and away from insecurities, fears, and small mindedness.
