Von Steven Renders : Microsoft Dynamics NAV 2009: Professional Reporting before purchasing it in order to gage whether or not it would be worth my time, and all praised Microsoft Dynamics NAV 2009: Professional Reporting:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Ist in Englisch und bezieht sich nur auf den RTCVon BerndDas Buch enthlt Reporting Tipps fr Dynamics NAV 2009 Role Tailored Client (RTC). Nicht fr den Classic Client geeignet. Da habe ich versumt, eine Leseprobe online zu studieren. Da Dynamics NAV 2009 aber mit beiden Clients ausgeliefert wird, halte ich einen Hinweis hierzu fr wichtig. Andernfalls denkt man flschlicherweise, dass beide Clients behandelt werden.1 von 1 Kunden fanden die folgende Rezension hilfreich. Microsoft Dynamics NAV 2009: Professional ReportingVon Samuel SchnetzerSehr zu empfehlen fr jeden der sich mit Reporting beschftigt.bersichtlich und mit vielen Screenshots gestaltet.Hiermit flt der

Einstieg/Umstieg auf RDLC Reports um einiges leichter.

KurzbeschreibungThis book doesn't assume any prior experience with Dynamics NAV reporting. It is designed as an easy to follow guide, where each chapter builds upon the previous one, but can also be read completely separately. Basically this book is for everyone who is using Microsoft Dynamics NAV or has an interest on the reporting capabilities of NAV 2009. The book does not have major prerequisites, although it is mainly focused on Dynamics NAV 2009, RDLC and Business Intelligence. Whether you are a Dynamics NAV consultant, developer, customer, project manager, or just interested in the reporting capabilities of Dynamics NAV, this book can provide you with information from a helicopter view down to the smallest details, tips and tricks, and workarounds. Empowered with the information in this book you should be able to master, analyse and deliver the most challenging reporting requirements in Dynamics NAV.
