**Von Kent Nordström : Microsoft Forefront Identity Manager 2010 R2 Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Microsoft Forefront Identity Manager 2010 R2 Handbook:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gute bersicht und kennenlernen von IMVon claus-gerhard prausseEin Buch zum Empfehlen fr Einsteiger und Administratoren.Alle Themen, von der History ber die Installation bis zum Zusammenspiel aller Komponenten wird alles erklrt.An manchen knnte etwas tiefer die Erklrungen gehen, trotzdem ok.0 von 0 Kunden fanden die folgende Rezension hilfreich. Leitfaden fr den PraktikerVon c.zuelligDas Buch zeigt die Schritte zur Umsetzung anhand einer fiktiven Firma mit praktischen und verstndlichen Beispielen. Die Umsetzung als eBook ist mangelhaft da Tabellen nicht skalieren und wohl nur auf einem grossen Bildschirm lesbar sind.

Kurzbeschreibung Throughout the book, we will follow a fictional company, the case study will help you in implementing FIM 2010 R2. All the examples in the book will relate to this fictive company and you will be taken from design, to installation, to configuration of FIM 2010 R2. If you are implementing and managing FIM 2010 R2 in your business, then this book is for you. You will need to have a basic understanding of Microsoft based infrastructure using Active Directory. If you are new to Forefront Identity Management, the case-study approach of this book will help you to understand the concepts and implement them.

ber den Autor und weitere Mitwirkende Kent Nordstrm Kent Nordstrm wrote his first lines of code in the late 70s so he's been working with IT for quite some time now. When Microsoft released its Windows 2000 operating system he started a close relationship with them that has continued since. For many years Kent has been working part time as a sub-contractor to Microsoft Consulting Services and has been doing many of the implementations of FIM and its predecessors for multinational companies and large organizations in Sweden. Apart from FIM, Kent is also well known within the community for his knowledge around Forefront TMG, Forefront UAG and PKI. Find out more by visiting his blog on <http://konab.com>.
