No one can use words like Kahlil GibranVon KpallKahlil Gibran leaves me breathless with every book I've ever read from his collection of poetry, love letters, short stories.. etc. I have absolutely fallen in love with him, and am sure that he is one of the greatest men to have ever lived. His mind will boggle yours with his words of love, encouragement, many other

things (read *The Prophet*). I really don't know what much else to say other than there is nothing better than a good Kahlil Gibran book, because all his books are good. Better than good, they are the best. Enjoy him! I have, and will forever more.

Kurzbeschreibung Works by Kahlil Gibran intimately reveal the complex nature of one of the twentieth century's most influential writers
