DESERVES 10 STARS, NOT 5! Von Ein Kunde This book is VERY in-depth in exposing the various sinful conditions of our hearts and the sins they cause us to commit with our mouths. I thank God for this book and the author. I am amazed at how much insight the author has and I really believe every christian should read this (I really mean that!!). I am only in the 9th chapter (of 12) and I will never be the same! Just since I started reading it my sensitivity has been so heightened to what I say and I can sense a stronger presence of the Lord in my life because of it. I could go on and on but I don't have the space. My personal thanks to the author, Joseph M. Stowell, for being obedient to the Lord in blessing the body of Christ with this book!

Kurzbeschreibung Sticks and stones will break my bones, but names will never hurt me? This lie has been taught to children for years. We claim it strengthens them. Allows them to let the harsh words of other children roll off their backs. But the truth is that words have power. Power to encourage. Power to heal. But also power to intimidate, power to scourge, and power to wound. How are you using the power of words? What we say has both spiritual and physical implications. Revelation 21:8 tells us that liars have their place in the Lake of Fire. And we all have seen the devastation wreaked by rumors on innocent reputations. Yet with the same intensity, kind words can soothe a broken spirit and restore shattered relationships. Your words also say a lot about you. Jesus said, 'For out of the overflow of the heart the mouth speaks' (Matthew 12:34). If our hearts are not in tune with God, neither will be our words. In *The Weight of Your Words*, Joseph Stowell shares the truth about the tongue straight from the Bible, God's Word to His people. He challenges us to not allow our mouths to be controlled by our anger or our circumstances, but rather, to be controlled by the Holy Spirit and His work in our lives. Take inventory of your words and your heart attitude with Joseph Stowell in *The Weight of Your Words*.
