Von C. W. (Charles Webster) Leadbeater, Annie Wood Besant : Thought-Forms (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Thought-Forms (English Edition):

Von KM Reid (kavin@ns.gemlink.com) This is the book for those individuals who have ever wondered why they and those close to them utter words and phrases at the same time or know what the other person is thinking before it is said. My analogy after reading the book is that we all trade thoughts

much like a radio station. We receive what we are programmed to or what we are in range of. I recommend that this study be revitalized for the benefit of our future!0 von 0 Kunden fanden die folgende Rezension hilfreich. The Kindle version of this book does NOT contain the illustrations...Von Labradoriteand therefore deprives the book of its interest. What a pity! The paper version is an excellent book and I hope that a new Kindle version, with illustrations, will be published.0 von 0 Kunden fanden die folgende Rezension hilfreich. Beware of OCRVon Hannes RollinThe softcover version is OCR crap without illustrations. Go and find a well-done facsimile if you want the most out of this book!
