**Von JD Lock : To Fight With Intrepidity (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised To Fight With Intrepidity (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A great book on what it means to be braveVon Ein KundeThis book cover the hundreds of years that the Army Rangers or similar units have been fighting with tremendous bravery. Lock begins in the French and Indian War with Rogers' Rangers and continues all the way to the Rangers exploits in Somalia in 1993. Overall, it is a very fascinating book involving many fascinating - but unknown - heroes. Just to be a Ranger is to be a hero, and Lock shows that very well. The only complaint is he goes on for far too long on the French and Indian War. This is not all bad, though. Although that war is considered boring, he shows the incredible bravery of Rogers and his men. Despite the outdated war, bravery of men is still very modern. I would read this book again if I had the patience to read 400 pages of the same material again.0 von 0 Kunden fanden die folgende Rezension hilfreich. For all students of the warrior ethicVon Ein KundeFor those who don't know, the legendary US Army Rangers are the most highly trained infantry unit on earth. The Rangers are also the proudest unit in the US Army due to their long and colorful history that dates all the way back to the 1600's. This book is an exhausting and detailed history of the US Army Rangers. By reading about the horrific battles the Rangers have fought (including the one at the beginning of Saving Private Ryan) you will instantly respect the heritage and culture of the Army Ranger. So read this book and then knock out a hundred pushups for the Rangers! Hooah!0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a very enthusiastic Book.Von Bryan Ferreiralf before i wanted to be a Ranger after reading this Book i want to be it even more!! With out any question this is a Book that puts you inside the realaty of being a Ranger and fighting for it's Values.It provides you with long hours of excitement. Rangers leed the Way.

Kurzbeschreibung For more than 200 years, U.S. Army Rangers have fought suicidal combat missions against overwhelming odds earning their unrivaled reputation as the world's premier warriors with bravery and blood. Now, in the first complete chronicle of this elite combat force, Ranger qualified Lieutenant Colonel JD Lock vividly brings to life the horrific battles and the heroic exploits of a special breed of men for whom valor, honor, and country mean more than life itself. Take a stand with Robert Rogers and his outnumbered Rangers at La Barabue Creek... Ride with Mosby on the Stoughton Raid... Spearhead Patton's invasion of Sicily beside legendary modern Ranger founder William O. Darby... Outnumbered 13:1, defend Hill 205 against overwhelming hordes of Communist Chinese... Feel the adrenaline rush of the Red Devil Raiders as they hunt Viet Cong guerrillas within Vietnam's Quang Tri Region. From the woods and rivers of the French and Indian War to the chaotic and merciless dirt streets of Mogadishu, Somalia, enter combat with the elite warriors who have changed the course of history.
