**Von Glenn Johnson : Training Guide Programming in HTML5 with JavaScript and CSS3 (MCSD): 70-480 (Microsoft Press Training Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Training Guide Programming in HTML5 with JavaScript and CSS3 (MCSD): 70-480 (Microsoft Press Training Guide):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Klasse Buch zum EinstiegVon Torsten LhnAls Ergnzung oder Vorbereitung zum MOC 70-480 hervorragend geeignet. Es bietet einen leichten und einfachen Einstieg in die HTML 5 Programmierung. Das Buch geht naturgem nicht sehr in die Tiefe. Wer Webseiten entwickeln mchte, bentigt allerdings weitergehende Literatur.

Kurzbeschreibung Designed to help experienced programmers develop real-world, job-role-specific skills this Training Guide focuses on creating applications with HTML5, JavaScript, and CSS3. Build hands-on expertise through a series of lessons, exercises, and suggested practices and help maximize your performance on the job. Provides in-depth, hands-on training you take at your own pace Focuses on job-role-specific expertise for using HTML5, JavaScript, and CSS3 to begin building modern web and Windows 8 apps Features pragmatic lessons, exercises, and practices Creates a foundation of skills which, along with on-the-job experience, can be measured by Microsoft Certification exams such as 70-480 Coverage includes: creating HTML5 documents; implementing styles with CSS3; JavaScript in depth; using Microsoft developer tools; AJAX; multimedia support; drawing with Canvas and SVG; drag and drop functionality; location-aware apps; web storage; offline apps; writing your first simple Windows 8 apps; and other key topics
