Von Richard Gardiner : Treaty Interpretation (Oxford International Law Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Treaty Interpretation (Oxford International Law Library):

Kurzbeschreibung This book explains the rules for interpretation of treaties and gives examples of their application in national and international jurisdictions. The rules of treaty interpretation codified in the Vienna Convention on the Law of Treaties now apply to virtually all treaties which may be encountered in an international context and also within national legal systems where treaties have an impact on a large and growing range of matters. The rules of treaty interpretation differ somewhat from typical rules for interpreting legal instruments and legislation within national legal systems. Lawyers, and also some administrators, diplomats, and officials at international organisations, are increasingly likely to encounter issues of treaty interpretation which require not only knowledge of the relevant rules of interpretation, but also how these rules have been, and are to be, applied in practice. Now that the codified rules of treaty interpretation have been in force for some twenty-five years, there is a considerable body of case law on their application. This case law, combined with the history and analysis of the rules of treaty interpretation, provides a basis for understanding this most important task in the application of treaties internationally and within national systems of law. Any lawyer who ever has to consider international matters, and increasingly any lawyer whose work involves domestic legislation with any international connection, is at risk nowadays of encountering a treaty provision which requires interpretation, whether the treaty provision is explicitly in issue or is the source of the relevant domestic legislation. This book provides a guide to interpreting treaties properly in accordance with the modern rules.

Pressestimmen "Treaty interpretation may not appear to be a subject likely to ignite academic discussions, but... Treaty Interpretation by Richard Gardiner of University College London... demonstrate[s] that nothing could be farther from the truth... clearly show[s] that the interpretation of treaties is a fascinating and multifaceted subject, allowing for various analytical approaches." --Malgosia Fitzmaurice, Queen Mary, University of London

The American Journal of International Law **Kurzbeschreibung** This book explains the rules for interpretation of treaties and gives examples of their application in national and international jurisdictions.
