Von Robert H. Schuller : Turning Hurts Into Halos (Scars Into Stars) before purchasing it in order to gage whether or not it would be worth my time, and all praised Turning Hurts Into Halos (Scars Into Stars):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Believe it or not, that is the questionVon Ein KundeI think Schullers book is excellent for the believers that recognize themselves in all the stories in the book and the positive thinking. When you are a believer you may find excellent help and confirmation to step out of your doubts. When you are a non-believer I wonder if this book can be of help, because this book is so full with wonderful people having unbelievable power to turn their hurts into halos, that you will feel uncomfortable when bad things happen to you, and it is too difficult to turn those things into halos for yourself. I must have extreme power sometimes. That is even the problem for non-believers (I think, I am a Christian) that it seems very easy to make the hurt-halo turn. Are you bad when this is too difficult for you? Yes, I know, I must pray, but still....0 von 0 Kunden fanden die folgende Rezension hilfreich. This is an extremely practical and enlightening

book. Von Ein Kunde This thought-provoking publication authored by the well-known Dr. Robert Schuller certainly should stimulate the curiosity of its readers. But to round out their spiritual education, they will benefit from the perusal of "From Here to Greater Happiness or How to Change Your Life for Good" by Joel Marie Teutsch and Champion Kurt Teutsch. First printed in 1959, their book really started the consciousness revolution, including assertiveness training and the holistic health movement. It certainly changed my life-and that of everyone I love and know-for good. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Best Ever Von sdblack@unitedok.com Once again Dr. Schuller comes through for hurting people. I read this book in two evenings. If you have a friend that needs some help - I urge you to buy this book. I've already given one to a friend that lost both parents within the last couple of years. Just reading the chapter headings to her was a help!!! I'm ordering a case of these books and going to send them out to hurting people instead of cards and flowers!!

Kurzbeschreibung This is Robert Schuller like you've never heard before. Though it echoes the extraordinary insightfulness and encouragement you have come to count on from Dr. Schuller, never before has he written a book so personal, so moving. This book is about adversity, tragedy, despair. But it's also about hope, joy, and eternal victory in Jesus. For the first time, he discusses many of the difficult events of his life. He provides positive examples to show readers how he got through them and how they can emerge victoriously also.. de Pastor and motivational speaker Robert H. Schuller is perhaps most renowned for his weekly "Hour of Power" church service, broadcast worldwide from the glass Crystal Cathedral in Garden Grove, California. In Turning Hurts into Halos, Schuller uses his storytelling skills and personal anecdotes to explain the spiritual role of pain and suffering. "Hurts" can ultimately make us stronger, more faithful people, crowning us with angelic halos, Schuller claims. He refers to his wife's recent heart surgery, his own brain surgery, his daughter losing a leg in a motorcycle accident, and the humiliation he endured after being wrongfully accused and sued for assaulting a flight attendant (he was acquitted). Through his personal pain and by helping others who have endured much worse shame and loss, Schuller has learned the value of holding onto hope, turning to God, and gaining perspective on one's pain.. com Pastor and motivational speaker Robert H.
