Von Michael Jang : Ubuntu Certified Professional Study Guide (Exam LPI 199) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ubuntu Certified Professional Study Guide (Exam LPI 199):

Kurzbeschreibung Ubuntu is becoming the preferred distribution in the Linux community with more than 8 million users The exam is available worldwide through both Prometric and VUE testing centers Kurzbeschreibung Ubuntu is becoming the preferred distribution in the Linux community with more than 8 million users The exam is available worldwide through both Prometric and VUE testing centers Synopsis This is a new study guide from the bestselling Linux certification author. Based on the Linux Professional Institute (LPI) level 1 certification, the "Ubuntu Certified

Professional" is the new credential for this increasingly popular global Linux distribution. This fully integrated study system offers complete coverage of all the exam objectives through step-by-step exercises, exam watch notes, on-the-job elements, and chapter self-tests which include knowledge-, scenario-, and lab-based questions. "Ubuntu Certified Professional Study Guide" covers installation, configuration, administration, user and group management, networking, and more. You can test your knowledge with more than 400 realistic practice exam questions. The CD-ROM includes a practice test engine with two free practice exams (one on CD, one available for download with free online registration) and a searchable, electronic version of the book.
