**Von Orest Subtelny : Ukraine: A History** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ukraine: A History:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. First joice!  
Von Ein KundeSubtelny's book, which was translated into Ukrainian and also Russian, is the best selling history book in Ukraine. It's well received. It's lucid, easy to read and rather impartial ( if a history book can be that). It even includes the events just after the declaration of independence - very current.  
0 von 1 Kunden fanden die folgende Rezension hilfreich. Extremely resourceful and detailed.  
Von Ein KundeI am a student of Prof. Subtelny at York

University. His book on Ukraine was easy to understand, very informative, and quite revealing. Not only is he a great author, but a fine professor as well. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Excellent, thorough, and readable history Von Ein Kunde This is the best one-volume English language history of Ukraine. If you have to choose between Subtelny's work or Magocsi's, choose Subtelny.

Kurzbeschreibung In 1988, the first edition of Orest Subtelny's *Ukraine* was published to international acclaim, as the definitive history of what was at that time a republic in the USSR. In the years since, the world has seen the dismantling of the Soviet bloc and the restoration of Ukraine's independence - an event celebrated by Ukrainians around the world but which also heralded a time of tumultuous change for those in the homeland. While previous updates brought readers up to the year 2000, this new fourth edition includes an overview of Ukraine's most recent history, focusing on the dramatic political, socio-economic, and cultural changes that occurred during the Kuchma and Yushchenko presidencies. It analyzes political developments - particularly the so-called Orange Revolution - and the institutional growth of the new state. Subtelny examines Ukraine's entry into the era of globalization, looking at social and economic transformations, regional, ideological, and linguistic tensions, and describes the myriad challenges currently facing Ukrainian state and society. Pressestimmen 'A fine, immensely readable book that should be on the bookshelf of anyone even remotely interested in Ukrainian history.' - David R. Marples - Edmonton
