**Von T.R. van Geel : Understanding Supreme Court Opinions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Supreme Court Opinions:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Learn how to read those tedious Supreme Court decisions.Von Ein KundeI found Professor van Geel's book to be quite informative. It definitely helped in understanding how a justice of the Supreme Court would come to a conclusion in a

case.

**Kurzbeschreibung** Going beyond the standard interpretation of Supreme Court opinions, this practical text delves into the legal reasoning behind the written opinions - the modes of persuasion and justification used by Supreme Court justices - to give readers a deeper understanding of how to read and interpret the decisions of our highest court. An indispensable supplement to any constitutional law casebook, the sixth edition has been thoroughly updated, incorporating new material throughout the book on recent opinions issued by the Supreme Court. It also includes a new Chapter 9, which discusses in greater depth the briefing of a case - Seattle School District No. 1;- and its analysis.

**Kurzbeschreibung** Going beyond the standard interpretation of Supreme Court opinions, this practical text delves into the legal reasoning behind the written opinions - the modes of persuasion and justification used by Supreme Court justices - to give readers a deeper understanding of how to read and interpret the decisions of our highest court. An indispensable supplement to any constitutional law casebook, the sixth edition has been thoroughly updated, incorporating new material throughout the book on recent opinions issued by the Supreme Court. It also includes a new Chapter 9, which discusses in greater depth the briefing of a case - Seattle School District No. 1;- and its analysis.

**Synopsis** Going beyond the reading and interpretation of Supreme Court opinions, this practical text addresses the legal reasoning that comprises the written opinions themselves, giving students a deeper understanding of how to read and interpret the decisions of our highest court. The Third Edition is thoroughly updated, taking into account new developments in constitutional law and scholarship.
