Von Kevin Wilson : Using Windows 8.1: Return of the Start Button before purchasing it in order to gauge whether or not it would be worth my time, and all praised Using Windows 8.1: Return of the Start Button:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sicher nicht schlecht für den Preis- mehr Einführung als Erklär., was in 8.1 neu ist Von Flipper Das Buch macht einen guten Eindruck in der Form und als Einführung für PC Anfänger (auch Reinigung von Tastatur, etc. wird erklärt..). Unterschiede in 8.1 zu Win 8 oder 7 werden nur selten explizit erwähnt (oder ich habe die gesuchte Zusammenfassung nicht

gefunden.)

Kurzbeschreibung Using Windows 8.1 is the essential step by step guide to using a computer running Windows 8, providing a complete resource for both the beginner and the enthusiast. Techniques are illustrated in step-by-step using photography and screen prints throughout, together with concise, easy to follow text from an established expert in the field, provide a comprehensive guide to Windows. Whether you have just bought your first computer, laptop or are a keen computer user who has just upgraded to Windows 8, this book will provide you with a firm grasp of the underpinning foundations and equip you with the skills needed to use a computer like a pro. What you'll learn Setting up your computer, Navigating around the windows 8 interface Atour of Windows 8's features, menus and utilities Transferring your files from your old machine Keeping your machine safe from viruses Backing up your important data so it doesn't get lost Antivirus and internet safety Watching videos, listening to music Keeping appointments with calendar New features in Windows 8.1 Daily common tasks you can do with Windows 8 Organizing your favourite music into playlists, onto your iPod or burning a CD to play in the car. Storing, organizing and manipulating your precious photos into albums or slideshows to show to friends or make precious memories. And more... Who this book is for This book is for those users new to Windows 8.1, coming from Windows 8, Windows 7 or even new to Windows altogether.
