Von Darren Lewis : Vengeance Of Shadows (The Baiulus Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vengeance Of Shadows (The Baiulus Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Original WritingVon CustomerI always read stuff like this before I pass them on to my grandchildren. Vengeance Of Shadows

surprised me with its original imagery and positive messages. Written with young people in mind, the book obviously works for adults too. Not just kids need to work things out vicariously to get a grip of them. A well-written, entertaining romp into a new world for me. Very satisfying read and great for my grandkids too. Highly recommended. 0 von 0 Kunden fanden die folgende Rezension hilfreich. a good story Von The Wizard of Oz Sorcery mixed with a fair share of darkness, this is a delightful short novel that grabs your imagination right from the get go and does a wonderful job holding onto it. The book could have been a bit longer which would have allowed Lewis' world to have been just a bit grander, otherwise it is a nice book and a good, strong story. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Vengeance of Shadows Von Thomas Baker Having read The Seren Trilogy, (Ellie and the Rabbits, Ellie and the Dragon and Ellie and the Battle) I was looking forward to reading more from this author. This book carries forward the story, although it has advanced deep into the future, set four years hence. Our protagonist, Ellie, has managed to become literally and figuratively, "stuck in the past". However, the new Ellie, the one in the present, is not the same Ellie that we knew before! In other words, author Darren Lewis has cleverly presented us with an enigma that we can easily relate to. It is the human condition itself. We know people change, but is all change beneficial? As a result of change, do we lose ourselves or find ourselves? No easy answer to those questions, which is why this book makes for such engaging reading, as we are curious to see how this will be resolved in this story. There is a temptation to be confused, if we insist on the old Ellie, the person we knew before. However, people change. If we allow the author to base his premise on the reality of change being a constant and fundamental part of our existence, this book will be a very satisfying read. Highly recommended. Reviewed by Thomas Jerome Baker Author of Second Language Acquisition: Language, Culture Identity, for English Language Learners Worldwide - ELL / ESL / EAL / EFL**I received a complimentary copy of this book in exchange for a fair and unbiased review.

Kurzbeschreibung In Seren Trilogy, Ellie and her dragon Cole journeyed to the far reaches of our past to prevent the war between man and dragonkind, and could not return home. In the present day, an Ellie exists that never encountered the dragons, but she somehow harbors the memories of them. Ellie's life has become as normal as it can, for a girl who visits the home of talking rabbits. But a darkness has been woken in the village. Bitter memories of the past and a thirst for vengeance upon the guilty thrusts Ellie onto the path of danger, and the road to the past where answers lie in wait. She alone must stand against the darkness that would consume all, and overcome it. To accept her fate may lose her everything, and to stand against it may cost her everything. The shadows will not be satisfied until Ellie is punished for what she did.

ber den Autor und weitere Mitwirkende Darren Lewis was born in Cardiff in 1975 and now lives with his family in Norfolk. Although an avid reader of many genres it wasn't until his daughter, Ellie aged 6, asked for a story of her own that inspired him to put pen to paper. "Ellie and I would like to make up bedtime stories, mainly about a kangaroo that travelled the world and have adventures." These bedtime stories would lead to a first book in the trilogy. 'Ellie and the Rabbits' in which our young heroine meets a group of talking rabbits. "My main goals were to induce a sense of wonder for my daughter, a sense of purpose and the importance of helping others." A short book of poems for children followed and the sequel 'Ellie and the Dragon' was published in August and the trilogy was completed and published in December 2013 in 'Ellie and the Battle.' The independent publishers Creativia added the books into their portfolio in early 2014 and published them as an omnibus edition entitled The Seren Trilogy. The next book in a new set of Ellie's adventures will follow soon with the title Vengeance of Shadows. When not writing Darren can be found walking the coastlines of Norfolk or painting and crafting with a particular fondness for steampunk, a subject he hopes to write about soon.
