**Von Jason Gaudreau : vRealize Operations Administrator's Companion: Performance Monitoring Capacity Planning Right-Sizing (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised vRealize Operations Administrator's Companion: Performance Monitoring Capacity Planning

## Right-Sizing (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Text gut, Screenshots schlechtVon surveyorDie Dokumentation ist recht umfangreich und informativ. Leider bieten die enthaltenen Screenshots keine groe Hilfe, weil deren Qualitt extrem schlecht ist. Es ist hufig kaum ersichtlich, wo im Programm diese entstanden sind. Daher nur drei Punkte.

KurzbeschreibungvRealize Operations is the ultrasound of your datacenter. Without proactive monitoring tools, we can only analyze what is on the surface, which means we typically respond to IT system issues only after there is a major incident. When we have vRealize Operations, it gives us a set of tools that helps us analyze the health, risk, and efficiency of our environment.Using a tool like vRealize Operations can assure that you are getting the most out of your VMware vSphere investments by providing proactive insight into the operations of your datacenter. Additionally, It provides capacity planning and trending into your data center environment, and helps ensure you have the required resources to meet the business demand.KurzbeschreibungvRealize Operations is the ultrasound of your datacenter.
