One of the Best Books on the average GI's life in KoreaVon Ein KundeFranklin Kestner's book is a must read for all of us interested in the trials and tribulations of the average GI's life in combat. Franklin has an unusual way of isolating all the frustrations associated with the Military life and putting it in terms we can all appreciate.I would suggest that if you found this book interesting please read his book TO THE LAST MAN about his experiences with Company D at

the Chosin Reservoir. His email address is DAWG21@AOL.com He is an exceptional individual. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A "must read" for history buffs. Von Ein Kunde I was impressed with Mr. Kestner's ability to realistically depict army life throughout a war that has eluded historical notoriety on a grand scale. It was a great read and I also enjoyed seeing all the photos. I highly recommend this book.

Kurzbeschreibung War Dawgs is a compelling, coming-of-age story written by retired Army Major Franklin D. Kestner, Sr. and James Livingston. It provides an incredible picture of army life in Korea from a veteran survivor of Chosin Reservoir Battle at 17 years old, a squad leader at 18 years old, and a 19-year-old Sergeant among Kulbes' Mongrels, D Company, 10th Engineer Combat Battalion. Dozens of photographs compliment this book written by the same authors of To the Last Man! Kulbes Mongrels at the Chosin.
